

Dear Dick,

10/21/91

I've just had a call from a local magazine, "Frederick Magazine," asking me to write an article on the JFK assassination and Stone's movie. I was told that Stone has written me into the movie. The woman who told me this is to check on their source. She did not recall whether this had appeared someplace or they had been told it.

She said I'm not in it by name.

In a way amusing but as it comes out I may not like it.

And I suppose nothing can be done about it.

If it is true, he is a clever rascal!

Best,

Harold
